Safety Data Sheet
DIAMAT POLYCRYSTALLINE DIAMOND SUSPENSION

Section 1: Identification

PRODUCT IDENTIFIER: DIAMAT POLYCRYSTALLINE DIAMOND SUSPENSION

CHEMICAL FAMILY: Abrasive

EMERGENCY PHONE: CHEMTREC 800-424-9300 (US) Day or night

Customer No. 16568

MANUFACTURER: PACE Technologies
3601 E. 34th St., Tucson, AZ 85718
Tucson, Arizona USA
Phone: +1 520-882-6598
FAX: +1 520-882-6598

Section 2: Hazard(s) Identification

<table>
<thead>
<tr>
<th>GHS CLASSIFICATION:</th>
<th>Acute Oral Toxicity (Category 4) – H302</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Specific target organ toxicity - repeated exposure (Category 2) – H371</td>
</tr>
</tbody>
</table>

PICTOGRAM(s):

![Warning Symbol] ![Specific Target Organ Toxicity Symbol]

SIGNAL WORD: Warning

HAZARD STATEMENTS:

Hazard Statement(s):
H302- Harmful if swallowed
H373- Causes damage to organs through prolonged or repeated exposure

PRECAUTIONARY STATEMENTS:

Precautionary Statement(s):

Preventions:
P264- Wash skin thoroughly after handling.
P270- Do not eat, drink or smoke when using this product.

Response:
P301+312- IF SWALLOWED: call a POISON CENTER or doctor/physician IF you feel unwell.
P330- Rinse mouth.
P314- Get medical advice/attention if you feel unwell.

Storage:
No storage statements.

Disposal:
P501- Dispose of contents/container to Federal, State and Local Regulations.
Section 3: Composition/Information on Ingredients

** Subject to EPA section 313 reporting SARA 40 CFR part 372

Product formulation is Proprietary
No ingredients are known to be hazardous under normal usage.

Section 4: First-Aid Measures

EYE CONTACT: Flush thoroughly with water for at least 15 minutes. Get immediate medical attention.

SKIN CONTACT: Remove contaminated clothing and shoes. Wash exposed areas with soap and water. Get medical attention if symptoms persist.

INHALATION: If symptoms develop, remove affected person from source of exposure into fresh air. Get immediate medical attention. If person is not breathing, give artificial respiration. If breathing is difficult, administer oxygen if available.

INGESTION: Get medical attention. Do not induce vomiting unless instructed to do so by a physician. Give large quantities of water or milk.

Section 5: Fire-Fighting Measures

FLASH POINT: N/A
FLASH POINT METHOD: N/A

LOWER FLAMMABLE LIMIT (LFL): N/A
UPPER FLAMMABLE LIMIT (UFL): None

EXTINGUISHING MEDIA: Foam, Dry Chemical, Water Spray, CO₂
HAZARDOUS COMBUSTION PRODUCTS: Specific to type of material involved in fire.

FIRE-FIGHTING INSTRUCTIONS: Wear a NIOSH approved positive pressure self-contained breathing apparatus with full protective clothing. Do not release runoff from fire control methods to sewers or waterways.

FIRE-FIGHTING EQUIPMENT: Fire may produce toxic thermal decomposition products. Wear a self-contained breathing apparatus (SCBA) with a full face-piece operated in pressure-demand or positive-pressure mode.

Section 6: Accidental Release Measures

SMALL SPILLS: Isolate area and deny entry. Ventilate area of leak or spill. Small spill can be picked up with vermiculite or other absorbent, noncombustible material. Properly protected personnel should flush spill with plenty of water, taking care not to splash personnel.

LARGE SPILLS: Notify appropriate personnel and implement facility emergency response plan. Evacuate nonessential personnel, isolate area, provide maximum ventilation. Cleanup personnel should wear fully protective equipment for vapor inhalation and skin and eye contact.

CONTAINMENT: For large spills, dike far ahead of liquid spill for later disposal. Wear protective equipment including rubber boots, rubber gloves, rubber apron and self-contained breathing apparatus. Do not release directly into sewers or waterways. Wash walking surfaces thoroughly to reduce slipping hazard.

CLEAN-UP: Absorb spilled liquid with non-reactive absorbent material. Place clean-up material in appropriate disposal containers and dispose of according to local, state, and federal requirements.

REGULATORY REQUIREMENT: Any release to the environment of this product may be subject to federal, state, and/or local reporting requirements. Check with appropriate agencies.
Section 7: Handling and Storage

HANDLING PRECAUTIONS: Exercise ordinary care in handling industrial lubricants. Avoid contamination of cigarettes or other tobacco products. Wash hands thoroughly before eating or smoking. Remove contaminated clothing and wash before reuse.

STORAGE REQUIREMENTS: Do not store in open or unlabeled containers. Store in well ventilated, properly drained/contained site, away from heat, out of the sun, and away from combustibles and reactive chemicals. Use only approved containers and protect containers from damage and keep material from freezing.

Section 8: Exposure Controls/Personal Protection

EYE PROTECTION: Avoid eye contact. Wear safety glasses or chemical goggles in accordance with OSHA 29 CFR 1910.133

SKIN PROTECTION: Avoid skin contact. Wear chemical protective gloves. Depending upon conditions of use, additional protection may be necessary such as a face shield, apron, etc.

VENTILATION: Local ventilation is generally not necessary under normal conditions of use with adequate general ventilation. Ventilation and other forms of engineering controls are the preferred means for controlling chemical exposures.

RESPIRATORY PROTECTION: Avoid breathing in mist. Respiratory protection is generally not necessary under normal conditions or use with adequate general ventilation.

SAFETY STATIONS: Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

OTHER PRECAUTIONARY INFORMATION: Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using toilet, or applying cosmetics.
Section 9: Physical and Chemical Properties

<table>

</tbody>
</table>

Section 10: Stability and Reactivity

STABILITY: Stable at room temperature in closed contains under normal storage and handling conditions.

POLYMERIZATION: This product will not undergo hazardous polymerization.

CHEMICAL INCOMPATIBILITIES: Strong oxidizing materials, hypochlorites, chlorine.

CONDITIONS TO AVOID: Strong acids and bases. Heat source.

HAZARDOUS DECOMPOSITION PRODUCTS: Steam, CO2, CO and unidentified organic compounds in fumes and smoke may be formed during combustion.
Section 11: Toxicological Information

TOXICITY DATA:

EYE EFFECT: Eye Irritant. Moderately irritating to eyes.

SKIN EFFECT: May cause moderate irritation.

REPRODUCTIVE: Considered to be secondary maternal toxicity in animals.

INGESTION EFFECT: Can cause kidney damage.

ACUTE INHALATION EFFECTS: Expected to be low toxicity: LC50>20 mg/L, Rat

ACUTE ORAL EFFECTS: Low toxicity: LD50>3000 mg/kg, Rat

CHRONIC EFFECTS: Not established.

CARCINOGENICITY: Not carcinogenic in animal studies.

MUTAGENICITY: No evidence of mutagenic activity.

TERATOGENICITY: Not reported.

Section 12: Ecological Information

ECOTOXICITY: Low toxicity: LC/EC/IC50>100 mg/L

SOIL ABSORPTION/MOBILITY: Dissolves in water. If product enters soil, it will be highly mobile and may contaminate groundwater.

DEGRADABILITY: Biodegradable. Oxides by photochemical reactions in air.

ENVIRONMENTAL FATE AND EFFECT: Not Available
Section 13: Disposal Considerations

DISPOSAL: Contact a licensed waste-disposal contractor for detailed recommendations. Follow applicable Federal, State, and Local regulations.

CONTAINER DISPOSAL: Rinse three times with an appropriate solvent or water. Dispose or recycle the empty container.

DISPOSAL REGULATORY REQUIREMENTS: Many states classify waste lubricants as “hazardous”, which means disposal only by a licensed firm. Follow applicable Federal, state, and local regulations.

Section 14: Transportation Information

DOT (CFR49): NOT REGULATED.

IATA (air): NOT REGULATED.

IMDG (ocean): NOT REGULATED.

HAZARD CLASSIFICATION: NON-HAZARDOUS.

PACKING GROUP: NOT REGULATED.

UN/NA CODE: NOT REGULATED.

Section 15: Regulatory Information

TSCA: All components of this product are listed on the TSCA inventory.

EPA REGULATIONS: SARA 311/312 Hazard Class (40 CFR 370)
Immediate (Acute) Health Hazard: Yes
Sudden Release of Pressure Hazard: No
Reactive Hazard: No
Delayed (Chronic) Health Hazard: No
Fire Hazard: No

SARA 313 Toxic Chemicals (40 CFR 372.65)
Ethylene Glycol (CAS Number 107-21-1), 10-40%

SARA Extremely Hazardous Substances (40 CFR 355)
No ingredients listed

CERCLA Hazardous Substances (40 CFR 302)
Ethylene Glycol (CAS Number 107-21-1), (Reportable Quantity – RQ 5000 lbs)

OSHA REGULATIONS:
Air contaminant (29 CFR 1910.1000, Table Z-1, Z-1-A)
No ingredients listed

Section 16: Other Information

16.1 NFPA 704

Top, Flammability: 0 – Minimal Hazard
Left, Health Hazard: 1 – Slight Hazard
Right, Reactivity: 0 – Minimal Hazard
Bottom, Special Notice: N/A
